

# Chambers County Fire Code

Adopted by Chambers County Commissioners Court on: June 27, 2017

**CHAMBERS COUNTY  
COMMISSIONERS COURT ORDER  
June 27, 2017**

**COMMISSIONERS COURT ORDER  
ADOPTION OF FIRE CODE**

WHEREAS, Texas Local Government Code, Chapter 233 authorizes counties to adopt a fire code and the regulations necessary to administer and enforce it, including requiring building permits; and

WHEREAS, the Commissioners Court finds that adopting a fire code and requiring permits for the construction of commercial establishments, public buildings, and multi-family dwellings with four or more units in the unincorporated areas of Chambers County, Texas, allows the County to impose standards to protect the health, safety, welfare and property of the general public. This Code governs the safe-guarding of life and property from fire and explosion hazards arising from the storage, handling and use of hazardous substances, materials and devices and from conditions hazardous to life or property in the occupancy of buildings and premises in Unincorporated Chambers County; and

WHEREAS, on May 24, 2011, the Commissioners Court adopted the *International Fire Code*, 2009 edition, published by the International Code Council; and

WHEREAS, the International Code Council has since revised and updated the *International Fire Code*; and

WHEREAS, the *International Fire Code*, 2015 Edition, published by the International Code Council, provides appropriate protective measures and continuity with other local governments in Chambers County and surrounding areas; and

WHEREAS, the Commissioners Court has considered the proposed code and deems it appropriate to adopt it as the fire code for the unincorporated areas of Chambers County, Texas.

BE IT THEREFORE ORDERED that, pursuant to Texas Local Government Code § 233.061 *et seq.*, a Chambers County Fire Code, a copy of which is attached hereto and incorporated herein for all purposes, be adopted, to become effective June 27, 2017. This Order replaces all previous Commissioners Court Orders adopting a fire code.

APPROVED, this 27th day of June, 2017.

# **CHAMBERS COUNTY FIRE CODE**

## **PART 1 – ADMINISTRATION AND PRELIMINARY PROVISIONS**

### **SECTION 1.1 - AUTHORITY**

This Code is adopted as a fire code by the Commissioners Court of Chambers County, Texas, acting in its capacity as the governing body of Chambers County. The authority of Chambers County to adopt this Code and the contents hereof is derived from Chapter 233, Subchapter C, Texas Local Government Code, §233.061 et seq., as amended. This Code shall apply to public buildings, commercial establishments, and multi-family dwellings with four or more units for which Construction or Substantial Improvement, as defined in this Code, begins after the effective date of this Code. Public buildings, commercial establishments, and multi-family dwellings with four or more units constructed prior to the adoption of this Code shall follow the code that applied at the time of construction. If no code applied at the time of construction, applicable provisions of the *International Fire Code*, 2015 Edition, shall apply as specified in Section 102. This Code may be amended at any time by a majority of Commissioners Court.

### **SECTION 1.2 – SCOPE OF REGULATIONS**

This Code applies in unincorporated areas of Chambers County, Texas after the effective date of this Code.

### **SECTION 1.3 - PURPOSE**

The purpose of this Code is to provide minimum requirements, with due regard to function, for the design and Construction or Substantial Improvement of Public Buildings, Commercial Establishments, and Multi-Family Residential Dwellings consisting of four or more units to reduce the risk to life and property from fire. Fire safety in regard to operation and use of buildings and structures after construction, whether or not their construction was subject to this Code, may be enforced independent of this Code by the County Fire Marshal in accordance with applicable law, including but not limited to his independent authority to inspect for the presence of fire and life safety hazards and order their correction under Chapter 352 of the Texas Local Government Code. This Code is not intended in any way to limit the statutory authority of the County Fire Marshal, and it is intended that such authority be retained to the fullest extent that the law would authorize.

### **SECTION 1.4 - CONSTRUCTION OF REGULATIONS**

This Code is to be construed liberally to accomplish its purpose. Nothing herein shall derogate from the authority of the Fire Code Official to determine compliance with codes or standards for those activities or installations within the Fire Code Official's jurisdiction or responsibility. Requirements that are essential for the public safety of a building or structure or for the safety of the occupants thereof or the general public, which are not specifically provided for by this Code, shall be determined by the Fire Code Official. The codes and standards referenced in this Code shall be those that are listed in Chapter 80 of the *International Fire Code*, 2015 Edition, and such codes and standards shall be considered part of the requirements of this Code to the prescribed extent of such reference. Where differences occur between the provision of this Code and the referenced standards, the provisions of this Code shall apply. Where there is a conflict between a

general requirement and a specific requirement within this Code, the specific requirement shall be applicable.

#### **SECTION 1.5 - ABROGATION**

This Code is not intended to repeal, abrogate, or impair any existing laws, regulations, easements, covenants, or deed restrictions.

#### **SECTION 1.6 - WARNING AND DISCLAIMER OF LIABILITY**

The degree of fire protection required by this Code is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. This Code does not imply that any building or the uses permitted within any building will be free from a fire hazard. This Code shall not create liability on the part of Chambers County or any officer or employee thereof for any damages that result from reliance on this Code or any administrative decision lawfully made thereunder. The granting of a permit or issuance of a Certificate of Compliance does not imply that the building can be insured for fire coverage.

#### **SECTION 1.7 - FINDINGS OF FACT**

It is hereby found by the Commissioners Court of Chambers County that fires have occurred in the past within its jurisdiction and are likely to occur in the future, and that damage to property and loss of life occurs for many reasons including fires that could have been prevented or minimized by providing additional safety guards to provide adequate egress time and protection for people exposed to fire.

#### **SECTION 1.8 - BASIS FOR REGULATION**

The Chambers County Fire Code shall consist of this Code plus the *International Fire Code*, 2015 Edition, and all of its references, which code and appendices are incorporated herein as if fully set out herein, with the additions, insertions, deletions and changes, prescribed in "Exhibit A" hereto.

## **PART 2 - USE OF TERMS**

### **SECTION 2.1 - CERTIFICATE OF COMPLIANCE**

A “Certificate of Compliance” means a certificate issued by the Fire Code Official indicating Construction or Substantial Improvement is in compliance with the Chambers County Fire Code as of a specific date and for a specific occupancy. The certificate may be filed in the Real Property Records as outlined in Section 7.1 of this Code. A Certificate of Compliance under this Fire Code shall not be construed as authorizing the owner or operator of any building to afterward operate or maintain such building in such a way as to create, cause or allow the existence of a fire or life safety condition, which condition shall be subject to the independent enforcement authority of the County Fire Marshal.

### **SECTION 2.2 - CERTIFICATE OF NON-COMPLIANCE**

A “Certificate of Non-Compliance” means a certificate issued by the Fire Code Official indicating Construction or Substantial Improvement is not in compliance with the Chambers County Fire Code as of a specific date. This certificate may be filed in the Real Property Records as outlined in Section 7.1 of this Code.

### **SECTION 2.3 - CONSTRUCTION**

“Construction” means the initial permanent construction of a Public Building, a Commercial Establishment, or a Multi-Family Residential Dwelling consisting of four or more units, and all related improvements on a site. A permit is required prior to the start of any construction. For purposes of this Code, construction begins on the date that ground is broken for a building, or if no ground is broken, on the date that:

- (a) the first materials are added to the original property;
- (b) foundation pilings are installed on the original property; or
- (c) a manufactured building or relocated structure is placed on a foundation on the original property.

### **SECTION 2.4 – FIRE CODE OFFICIAL**

“Fire Code Official” means the Fire Marshal of Chambers County, or a designee of such individual.

### **SECTION 2.5 - COUNTY FIRE MARSHAL**

“County Fire Marshal” means the holder of the statutory office of County Fire Marshal for Chambers County or the employee(s) designated by the County Fire Marshal to perform a task required by this Code.

### **SECTION 2.6 - PERSON**

“Person” includes any individual or group of individuals, corporation, partnership, association, or any other organized group of persons. Not included is a State Agency that is authorized to prevent and extinguish forest and grass fires.

**SECTION 2.7 - PUBLIC BUILDINGS AND COMMERCIAL ESTABLISHMENTS**

“Public Buildings and Commercial Establishments” includes, but is not limited to auditoriums, classrooms, churches, libraries, restaurants, theaters, schools, daycare facilities, nursing homes, hospitals, correctional facilities, hotels, motels, dormitories, department stores, shopping centers, doctor offices, general offices, laundries and warehouses. Not included in this definition is an industrial facility having a fire brigade that conforms to requirements of the Occupational Safety and Health Administration.

**SECTION 2.8 - SUBSTANTIAL IMPROVEMENT**

A “Substantial Improvement” is:

(a) the repair, restoration, reconstruction, improvement, or remodeling of a public building, a commercial establishment, or a multifamily residential dwelling consisting of four or more units for which the cost exceeds 50% of the building’s value according to the certified tax appraisal roll for the county for the year preceding the year in which the work was begun; or

(b) a change in occupancy classification involving a change in the purpose or level of activity in a building, including the renovation of a warehouse into a loft apartment. For purposes of determining if an improvement is a Substantial Improvement, the applicant for a permit must submit data reflecting cost of the improvement, restoration, reconstruction, improvement or remodeling. Costs shall include the value of all labor and materials. For purposes of this Code, Substantial Improvement begins on the date that the repair, restoration, reconstruction, improvement, or remodeling or the change in occupancy classification begins or on the date materials are first delivered for that purpose. The Fire Code Official may require the submittal of an independent certified damage assessment in cases where the structure has suffered other than minor damage.

**SECTION 2.9 - UNINCORPORATED AREA**

“Unincorporated Area” means the area in Chambers County, Texas, which is not within an incorporated area of a city, town, or village.

## **PART 3 - GENERAL PROVISIONS**

### **SECTION 3.1 – ADMINISTRATION BY THE FIRE CODE OFFICIAL**

The Fire Code Official or the Fire Code Official's designee is responsible for the administration of this Code, issuance of permits required by this Code, enforcement of this Code and maintenance of proper records.

### **SECTION 3.2 - RESPONSIBILITY OF THE FIRE CODE OFFICIAL**

The Fire Code Official or the Fire Code Official's designee may conduct inspections provided for in this Code.

### **SECTION 3.3 - RESPONSIBILITY OF OTHER OFFICIALS**

Under this Code the Fire Code Official is responsible for all administrative decisions, determinations and duties. The Fire Code Official may seek and secure the assistance of other officials of Chambers County in making decisions and determinations and in performing the administrative duties, but is not required to conform to the recommendations of others, provided however, any decision by the Fire Code Official may be appealed by the process in Section 6.1 of this Code.

## **PART 4 - PERMITS**

### **SECTION 4.1 - PERMITS REQUIRED**

No person shall perform or authorize Construction or Substantial Improvement within the unincorporated areas of Chambers County without first securing a permit under this Code. Additional construction or operational permits may be required by the Fire Code Official pursuant to Section 105.

### **SECTION 4.2 - APPLICATION FOR PERMIT**

The application for a construction or Substantial Improvement permit will be on a form prescribed by the Fire Code Official and must be supported by the following:

(a) Two complete sets of construction and site plans, drawn to scale for the proposed building or system containing all specifications including the following:

- (1) the types of construction materials and class of interior finish;
- (2) the location of all exits with distances between exits called out – exit width, type and any special requirement shall be stated; and
- (3) the location of any fire alarm equipment, automatic sprinklers, emergency lighting, etc. required to meet this Code.

(b) A permit fee in accordance with Section 8.3.

If unable to determine from the information submitted whether a permit should be issued, the Fire Code Official may require the submission of additional information, drawings, specifications or documents.

### **SECTION 4.3 - DETERMINATION OF PERMIT ELIGIBILITY**

After the application is filed, the Fire Code Official shall determine if the proposed public building, commercial establishment, or multifamily residential dwelling consisting of four or more units meets the minimum requirements of this Code based on the information provided.

(a) If it is determined the proposed Construction or Substantial Improvement meets the requirements, then a permit will be issued after the collection of the appropriate fees.

(b) If it is determined that the proposed Construction or Substantial Improvement does not comply with the requirements of this Code, then the application package shall be returned to the applicant with an explanation of why it was not approved.

### **SECTION 4.4 - ISSUANCE OF PERMITS**

Within 30 days after the date the Fire Code Official receives an application and fee in accordance with this Code, the Fire Code Official Shall:

(a) Issue the permit if the application complies with this Code; or

(b) Deny the application if the application does not comply with this Code.

If the Fire Code official receives an application in accordance with Section 4.2 and fee in accordance with Section 8.3 and the Fire Code Official does not issue the permit or deny the application within 30 days after receiving the application and fee, the construction or substantial improvement of the building that is subject of the application shall be approved for the purposes of this Code.

**SECTION 4.5 - TERM OF PERMITS**

Construction or Substantial Improvement must be started within 365 days of the date the permit is issued or the permit shall be null and void. Upon written request, an extension may be granted.

## **PART 5 - PERMITTEE**

### **SECTION 5.1 - RESPONSIBILITIES OF ALL PERMITTEES**

All permit holders, must:

- (a) post the permit on the jobsite in a place visible from the nearest road or street;
- (b) post and maintain the street number on the jobsite in a place visible from the road or street and in a manner meeting the requirements of the standards for permanent numbers set forth in *The International Fire Code*, 2015 Edition, Section 505.1; and
- (c) allow the Fire Code Official to inspect the work pursuant to a permit. The Fire Code Official may make as many scheduled or unscheduled inspections as deemed necessary to enforce this Code. All holders of a permit issued pursuant to this Code that wish to make a change to the proposed Construction or Substantial Improvement of the public building, commercial establishment, or multifamily residential dwelling consisting of four or more units or to perform any Construction or Substantial Improvement other than as authorized by the permit must submit supplemental drawings and/or specifications to the Fire Code Official for review. If the changes do not comply with this Code, the Fire Code Official shall not approve the change. If a change complies with this Code and is approved, a copy of the supplemental drawings and/or specifications shall be added to the permittee's file, and the Fire Code Official shall amend the permit.

### **SECTION 5.2 - INSPECTIONS**

- (a) The permittee shall ensure their Engineer, Architect, or International Code Council Certified Building Official (ICC-CBO) has made sufficient inspections so that they can complete a "Request For Final Inspection" form as outlined below.
- (b) When the Construction or Substantial Improvement is complete and ready for occupancy, a "Request For Final Inspection" form supplied by the Fire Code Official must be completed, signed and sealed by a licensed engineer authorized to practice in the State of Texas, a registered architect authorized to practice in the State of Texas, or an ICC-CBO, indicating that, to the best of his or her knowledge, all the minimum requirements of this Code have been met. If the building has an automatic fire protection system, a completed Form 009 as promulgated by the State Fire Marshal's office shall be included with the "Request For Final Inspection" form. Receipt by the Fire Code Official of a completed, signed and sealed request form will serve as a request for final inspection.
- (c) Once a completed, signed and sealed form has been turned into the Fire Code Official, and the Fire Code Official determines, after a final occupancy inspection is conducted, that the Construction or Substantial Improvement complies with this Code, the Fire Code Official will issue a Certificate of Compliance. Should the Fire Code Official determine that the applicable certifications have not been provided and/or the provisions of Section 5.1 of this Code were not followed, then enforcement procedures as outlined in Part 7 shall commence. No person shall occupy a public building, a commercial establishment, or a multifamily residential dwelling

consisting of four or more units that the Fire Code Official determines, after inspection, not to be in compliance with this Code unless and until a Certificate of Compliance is subsequently issued for such building, establishment or dwelling.

(d) Should the Fire Code Official have to make additional inspections due to non-compliance with this Code, additional fees may be assessed.

## **PART 6 - APPEALS AND HEARING PROCEDURES**

### **SECTION 6.1 - APPEALS**

If a permit applicant is denied a permit, the applicant may appeal the denial as provided in this Section. The term “appellant” is used to refer to the appealing party. An appellant must seek remedy under this procedure before seeking remedy in court. Application for a permit is deemed to be a waiver of the right to challenge this Code before exhausting remedies herein provided.

(a) To initiate an appeal an appellant must submit a written request for an exception to this Code to the Development Review Committee, which has been appointed by Commissioners Court.

(b) The Chair of the Development Review Committee appointed by Commissioners Court will set a time for a hearing, which will be scheduled as soon as practicable, preferably 15 days of the receipt of the written request, and shall prepare a Notice naming the time and date of the hearing. Copies shall be distributed as follows:

(1) The Chair of the Development Review Committee will create a working or hearing file with one copy contained therein.

(2) The Chair of the Development Review Committee will give one copy to the Appellant.

(3) The Chair of the Development Review Committee will deliver one copy to the Fire Code Official.

(c) An appeal will not abate the decision of the Fire Code Official pending the decision of the Development Review Committee. The hearing will be conducted as provided in Section 6.2 below.

### **SECTION 6.2 - HEARING BEFORE THE DEVELOPMENT REVIEW COMMITTEE**

At hearings before the Development Review Committee, the Development Review Committee will hear the testimony of the Fire Code Official and any witnesses called by the Fire Code Official. The Development Review Committee will hear the testimony of the appellant and any witnesses called by the appellant. The Development Review Committee will review all documents and exhibits submitted by the parties. The Development Review Committee will not be bound by formal rules of evidence and will control the evidence, reserving the power to exclude testimony or exhibits they do not consider relevant. The Chair of the Development Review Committee will maintain an accurate record of the evidence adduced at the hearing.

### **SECTION 6.3 - FILING OF COMMITTEE'S DECISION**

The Chair of the Development Review Committee will prepare a written decision as soon as possible, preferably within three working days of the hearing. A copy of the decision will be filed with the Clerk of Commissioners Court, the members of the Commissioners Court, and with the Fire Code Official. The original will be sent to the appellant's address shown on the permit or permit application. If a variance is granted, the Fire Code Official shall prepare the appropriate permit with any special requirements that may be required by the conditions of the variance.

#### **SECTION 6.4 - REVIEW BY COMMISSIONERS COURT**

If the Fire Code Official or the appellant wishes to appeal the Development Review Committee's decision, a written objection must be filed with the Clerk of Commissioners Court within ten (10) days of the date the Development Review Committee's decision is filed. The Clerk will notify the Chair of the Development Review Committee who will place the matter on the Agenda of Commissioners Court for review at the next meeting of Commissioners Court. If the Fire Code Official files the objection, notice that the matter is on the Agenda will be sent to the appellant by mail at the appellant's address shown on the permit or application. Commissioners Court will review the matter. The Commissioners Court may either affirm or reverse the decision of the Development Review Committee. The Fire Code Official's decision will remain in effect pending the review of Commissioners Court.

#### **SECTION 6.5 – VARIANCES**

If any person wishes an exception to any provision of this Code, that person shall request a variance in the manner prescribed for the filing of an appeal. The Development Review Committee shall hold a hearing, and deny or grant the variance. Variances will be granted only if the following are met:

- a) the applicant has shown good and sufficient cause;
- b) it has been determined that failure to grant the variance would result in an exceptional hardship to the applicant;
- c) the granting of a variance will not result in an increased risk of fire, additional threats to public safety, extraordinary public expense, or create nuisances, cause fraud or victimization of the public; and
- d) variances shall only be issued upon a determination that a variance is the minimum necessary, considering the fire hazard, to afford relief.

Economic hardship shall not constitute the sole basis for granting a variance. A hearing before Commissioners Court regarding variances shall be requested in the manner provided in Section 6.4 of this Code. If a variance is granted, a permit shall be issued and the permittee shall conform to all applicable provisions of this Code except the Sections for which a variance is granted.

## **PART 7 - ENFORCEMENT**

### **SECTION 7.1 - ENFORCEMENT**

If any person violates any provisions of this Code, the Fire Code Official may notify the County Attorney and request that the County Attorney take whatever action is necessary to remedy the violation, including but not limited to filing suit to enjoin the violation and/or seek a civil penalty under Texas Local Government Code § 233.067 of up to \$200 for each day a violation exists. If a violation continues, Chambers County may file a Certificate of Non-Compliance in the Real Property Records of Chambers County. Once the violation has been resolved, any individual may request a Certificate of Compliance be filed in the Real Property Records of Chambers County. The violator shall bear any costs of effecting compliance. Should the building be occupied without final occupancy inspection as required under this Code, the County Fire Marshal may file a complaint with the County Attorney's Office under Section 352.016 and Section 352.022 of the Texas Local Government Code.

### **SECTION 7.2 - VIOLATION OF CONDITIONS OF REGULATIONS**

Any person having knowledge of a violation of this Code may file a complaint with the Fire Code Official.

### **SECTION 7.3 - CONTEMPT OF COMMISSIONERS COURT**

Commissioners Court may punish contempt by fine or imprisonment in accordance with the provisions of Section 81.023, Texas Local Government Code, as amended. Any person securing a permit under this Code does so on the representation to Commissioners Court that he or she will comply with the terms of the permit and with these requirements and other County regulations. Violations of such representations to Commissioners Court constitute contempt of Commissioners Court. Additionally, Commissioners Court has the power to enforce its Orders by civil contempt. If the Commissioners Court finds the defendant to be guilty of contempt, it will enter such Orders consistent with general law as it deems appropriate to punish the person guilty of contempt, and will enter such other and further Orders enforceable by civil and criminal contempt, and consistent with its authority under general laws, as Commissioners Court deems necessary to enforce and protect its jurisdiction over the matter, and to uphold the integrity of this Code. Procedures for contempt proceedings before Commissioners Court will be consistent with procedures in actions before other courts in this State for enforcement of Court Orders, and for the protection of the jurisdiction of Courts by the process of contempt.

## **PART 8 – FORMS, RECORDS, AND FEES**

### **SECTION 8.1 - FORMS**

Forms to be used in the administration of this Code shall be promulgated by the Fire Code Official.

### **SECTION 8.2 - MAINTENANCE OF RECORDS**

The Fire Code Official must maintain all applications for, and file copies of, permits for a retention period of three (3) years. Drawings and specifications on file with the Fire Code Official may be returned or destroyed after completion of the structure.

### **SECTION 8.3 – FEES**

Fees for permits and inspections are to be set by Commissioners Court. Fees shall be paid by cash, cashier's check, money order, or personal check. Should the check be returned for insufficient funds the permit(s) issued becomes null and void. Fees shall be paid before the permit is delivered to the permittee. The fees are detailed in a fee schedule approved separately by Commissioners Court.

## **PART 9 – SEVERABILITY AND CONSTRUCTION**

The provisions of this Code are severable. If any word, phrase, clause, sentence, section, provision or part of this Code should be invalid or unconstitutional, it shall not affect the validity of the remaining portions and it is hereby declared to be the intent of the Commissioners Court that this Code would have been adopted as to the remaining portions, regardless of the invalidity of any part. In the event that any provision of this Code might be interpreted in such a way as exceeding the County's authority, such provision should be construed to apply only to the extent authorized by law.

**EXHIBIT A**

ADDITIONS, INSERTIONS, DELETIONS AND CHANGES TO INTERNATIONAL FIRE  
CODE, 2015 EDITION

The following additions, insertions, deletions, and changes are made to the *International Fire Code*, 2015 Edition, as adopted by Chambers County.

Section 101.1 is amended to read as follows:

**101.1 Title.** These regulations shall be known as the *Fire Code of Chambers County*, hereinafter referred to as “this code.”

Section 105.6 is amended to read as follows:

**105.6 Required operational permits.** The *fire code official* is authorized to issue operational permits for the operations set forth in Sections 105.6.15 and 105.6.38.
